

## **Guidelines for Applications**

### **The Royal Agricultural Society of England Technology Award**

#### **The Award**

The Royal Agricultural Society of England Technology Award

#### **The Prize**

The Royal Agricultural Society of England Technology Award and a monetary award of 300 guineas.

#### **The Candidate**

The award will be made to an individual or team who has applied a scientific advance to develop a technology through the creation or development of a product or process. The product or process will have been introduced into the market and provide demonstrable improvements for farmers in any aspect of practical agriculture and land management.

#### **The Submission**

Each submission should include the name, qualifications and age of the candidate (name, size and annual turnover if company). Also a brief appreciation of the work carried out and its practical application to agriculture should be included.
